500 m²

135 m²

Turnkey semi-detached villas 5 minutes walking distance from the coast!

The villas are built to a sleek design, with an eye for comfort and lots of light.

You have 3 bedrooms and 2 bathrooms, modern kitchen, open living space, private pool, spacious terraces with garden and parking.

The high windows provide a beautiful connection between the indoor and outdoor spaces.

Solar panels and the use of high-quality and durable materials ensure a very energy-efficient residence.

The project is in a privileged location on the Costa del Luz, in the province of Huelva, surrounded by the ocean, beautiful landscapes and salt mines. With an excellent connection you can easily reach the old town of Ayamonte or the magnificent Algarve region of Portugal.

Everywhere you will be surrounded by culture, gastronomy and, above all, a lasting respect for the beautiful landscapes. The region has been growing for 20 years and offers everything for a stay on the coast: shopping center, supermarkets, sports facilities, hotels, a golf course and a marina.

Unwind amidst nature and make the most of your free time in comfort all year round.
